Volunteers Needed for Research Study

We need participants for a research study on:

"THE EXPERIENCES OF AFRICAN AMERICAN SPOUSES WHO HAVE LIVED WITH A VETERAN WITH PTSD"

Description of Project: We are researching to obtain a better understanding of African American spouse's experiences of living with a veteran with PTSD in order to increase the knowledge of practitioners, educate the community and promote advocacy of additional resources where needed. Your participation will take about 60-90 minutes. We will ask you to sit for an interview with the researcher.

To participate: You must live with or have lived with a veteran diagnosed with PTSD for at least one uninterrupted year.

Participants will receive $10.00 as an incentive for participating in the study.

To learn more, contact the researcher of the study, Anthony Bowling at 352-318-2561 or abowling2@me.com

This research is conducted under the direction of Dr. Scott Smith, Counseling Department, and has been reviewed and approved by the Capella University Institutional Review Board.
